

## Pump Stands

Astles Control Systems manufacture a selection of pump stands to suit various requirements and budgets.

The stand in figure 1 is suitable for up to four Grundfos Smart pumps.

- Floor standing.
- Stainless steel frame.
- PVC drip tray with threaded drain hole.
- Individual hinged stainless steel pump covers with a latch in the raised position (optional).
- Acrylic viewing windows in the covers.
- Stainless steel mounting plate for pump isolators
- Isolation and pressure-relief valves (optional).
- Typical dimensions:  
1350 x 1655 x 350  
(h x w x d in mm, lids closed)

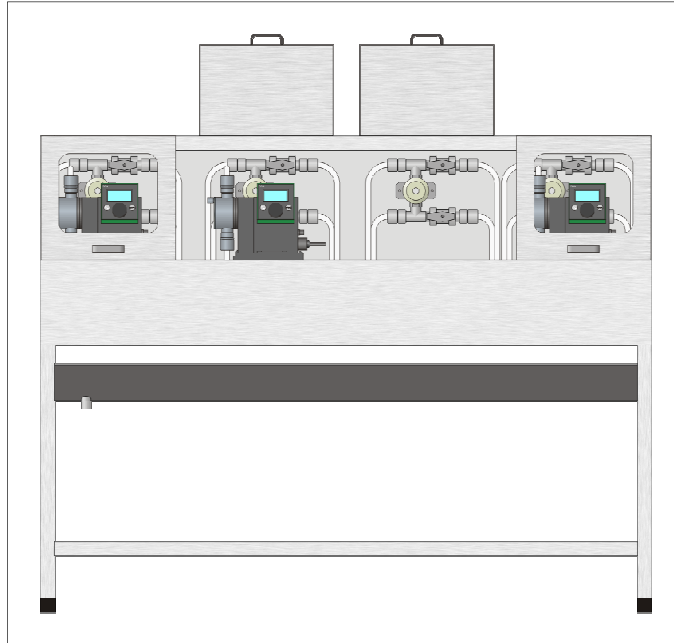

Figure 1

The stand in figure 2 is a lower cost alternative and is suitable for up to eight pumps.

- Floor standing.
- Powder coated steel frame.
- Typical dimensions:  
940 x 1160 x 230  
(h x w x d in mm without pumps)
